

## Monthly News & Updates

Surely by now we have all adapted to the new normal that includes working from home and social distancing. This means an elimination of all of our gathering events, which is what so many of us love to do!

Would you be interested in a virtual meeting to touch base with your fellow Chamber members and friends? Please weigh in [on our Facebook page](#).

Like you, we are hopeful for a return to business as soon as is safely possible. You will be the first to hear that we are able to schedule events!

Be well.

Be safe.

And, of course, wash your hands!

### Chamber Women's Event at Macy's

We had an educational and fun evening with the ladies from Macy's and Clinique. They demonstrated some new products, and connected us with cool technology on our phones to diagnose our skin conditions. No surprise that many of us were in the "fatigue" category. Hey! There's a moisturizer for that!

### Welcome, OsteoStrong!

Do you notice that we lose strength as we age and our joints ache more? Or that our posture and balance decline over time? We help our members change all of that at OsteoStrong because we believe you deserve to feel your best. We use a breakthrough technology that focuses on strengthening the bones, muscles, and joints. Our members have eliminated joint and back pain so they can work hard and play harder. They are building stronger bones, improving their metabolism, regaining their balance and standing taller. Even our young athletes are breaking through plateaus and staying injury free. It only takes about 10 minutes, once a week, and you work with a certified coach and receive immediate biofeedback to track your progress.
