Highlights from June

Monthly Meeting at The Pines

Last month we met at The Pines of Mount Lebanon. Autumn and Lesa were most gracious hosts. And the food!

Autumn presenting

The two AJs in person, finally!

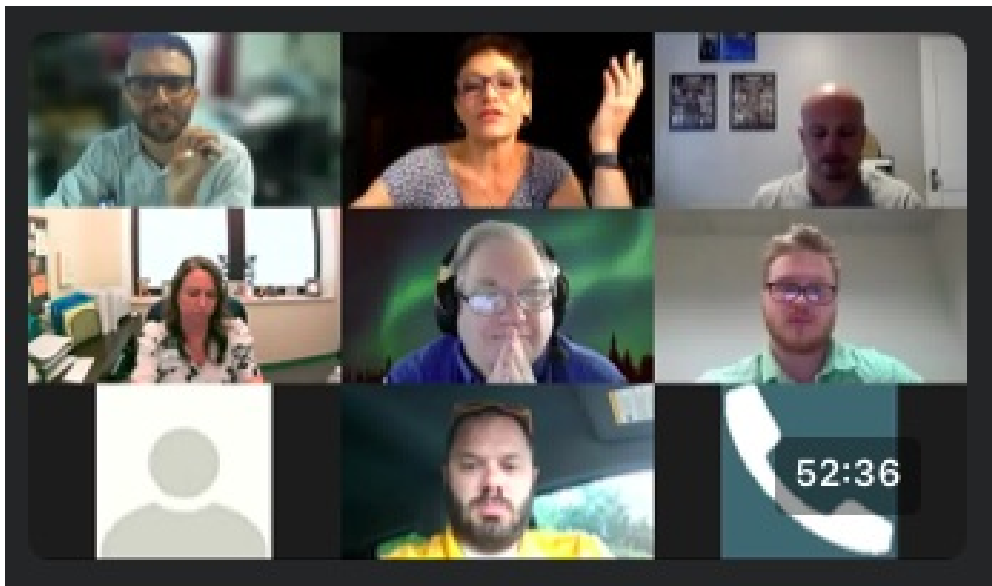

We're always looking to showcase our members and their businesses. If you're a member who would like to host an upcoming meeting, let us know.

PowerHour

This month two members -- AJ Betta of Betta IT Solutions, and Brian Morris of Morris Tech Team -- combined their expertise to create a presentation for us about cybersecurity, a most relevant topic today! They talked about the importance of layering security, password managers, rules for data back-ups, antivirus, and much more. Yes, the question of Mac security was brought up and led to much discussion! See, hear it all here.

Thanks, AJ and Brian -- and everyone who joined and participated!

Thank you, Patricia, and all of our guests, for an enlightening and fun evening.

From Kimberley Ashlee, owner of Terrene

"Our dishes begin with sourcing as much of our ingredients from local farms and purveyors, because as a locally owned business we understand how this directly affect our community. Yes, this makes us feel good on the inside, but it also ensures that we are providing our clients with the freshest ingredients possible, and any great dish begins with the best ingredients."
